# Invitation

Polymers offer enormous opportunities towards newer applications in technologically important areas. There is a great necessity to have an integral approach towards this complementary relationship of polymers and their performance. These polymeric materials have shown multidirectional growth in several areas of technological innovations, which ranges from the biomedical polymers to the fascinating field of smart materials. A precise understanding of the molecular architecture and its role in governing physical characteristics is extremely useful to understand their applications. This conference on polymers is proposed to exchange information on new dimensions in such application areas.

Asian Polymer Association (APA) is a professional society dedicated to the science of polymers. APA is celebrating its 10 years of dynamic existence and this conference is being organized as the Jubilee celebrations of the society. APA in collaboration with Indian Institute of Technology, Delhi, Central Institute of Plastics Engineering & Technology (CIPET), Society for Biomaterials & Artificial Organs India (Delhi) and Indo Italian Forum on Biomaterials & Tissue Engineering is organizing International conference on Advances in Polymer Science & Technology (APA-2017). The conference would be dedicated to the world of polymers with an extensive interaction among academicians, researchers, technologists and policy planners. A special feature of this event is to organize Student Conclave for our young generation. We are sure that this conference would provide us required impetus in generating polymer resource for the country.

On behalf of the organising committee, we would like to invite you to participate in this conference. We look forward to welcoming you at New Delhi.

## About APA

Asian Polymer Association (APA) was founded in 2007 at the premises of Indian Institute of Technology, New Delhi, India, [www.asianpolymer.org](http://www.asianpolymer.org). The society involves the academicians, scientists and technologists from all over the world providing a well knitted structure of the society. Vision of the society is to bring together asian science and technology to the forefront of global arena so that a very dynamic association with the scientific world may be accomplished. The society has grown as a dynamic platform at the international level with enormous collaboration with societies abroad. APA is celebrating its 10 years of existence this year and this event would be a landmark in the growth of the society.

## Topics

- ▲ Polymer Synthesis & Functionalisation
- ▲ Polymer Processing
- ▲ Biomaterials & Bioengineering
- ▲ Polymers in Pharmaceutical Science
- ▲ Nanotechnology & Nanocomposites
- ▲ Smart Polymeric Materials
- ▲ Polymers for Advanced Technology
- ▲ Polymers for Packaging
- ▲ Polymers in Textile Technology
- ▲ Plastic Waste Management
- ▲ Polymers in Energy Sector
- ▲ Polymers for Defense Application
- ▲ Polymers in Agriculture
- ▲ Polymers in Diagnostics

## Call for Papers

Papers are invited in the form of oral and poster presentations. All those desirous of participating and/or presenting a paper in the conference are requested to complete the online abstract submission. Authors are requested to send one-page abstract in the prescribed template on the website. Best oral and posters will be awarded by the conference with APA awards. Abstracts for Oral and Poster presentations should be in Arial Narrow in A4 format. The title should be in bold with font size of 14 followed by authors name(s) in the next line, and affiliation in the subsequent line(s) with central alignment. This should follow the email of the presenting author. The presenting author should be underlined. The text should follow as single space with font size of 10. References should be placed at the bottom. References should not be cited in the text.

## Poster Session

The poster session is proposed to highlight the activities in various areas of polymer science. Best poster awards will be presented to students participating in the poster session. The poster display space of 36"x48" will be available for the presenters. A committee comprising of eminent scientists will make its decision on the best posters.

**Accommodation**

Accommodation will be available in various categories of hotels in the range of Rs 2,500 to Rs 7,200. Students accommodation will be available @ Rs 500 per day. The details of the accommodation are available on the conference website.

**Deadlines**

Receipt of abstract: 31 May 2017  
 Intimation of acceptance: 30 June 2017  
 Early Bird Registration : 15 August 2017  
 Final Registration: 31 October 2017

**Exhibition**

There will be an exhibition area adjoining the conference hall during the Conference. By participating in this mega event as an exhibitor, your organization will get an opportunity to showcase the latest technology, new products and a chance to interact with more than 450 participants including material scientists, biologists, pharmacologists, doctors, researchers and medical practitioners at one place.

**Stall Details & Tariff**

Stall Size: 3X2 Sq mt  
 Type of Stall: Standard (Octonorm)  
 Indian Exhibitor - Rs 1,00,000 + ST  
 Overseas Exhibitor - EUR 1,750

**Sponsorship**

Experts, executives and business owners from the entire polymer field around the world are invited to attend the conference. We believe that as a sponsor of this prestigious event, you not only have a unique opportunity for your company to market and promote your innovative products but also to meet prospective clients and important people in the industry.
